## IMMIGRATION OFFICERS STOP ELOPMENT

### Young Couple from Bury, P. Q., Had Planned Marriage In Newport

Unsympathetic immigration officials in Newport have spoiled what might have been a perfectly good elopement. But of course those officials did only their duty and Dan Cupid should hold nothing against them for preventing Miss May Coates, aged 18 years and Thomas McDonald, aged 23, of Bury, P. Q., from being married in our fair city.

The couple had made the trip from Bury on the train without the knowledge of their parents or friends in that town. Their idea was to come to Newport, be married by a local minister, take a wedding trip somewhere in the states and then return to Bury and surprise the home folks. But in the laying of their plans they had failed to take into consideration the possibility of Uncle Sam's officers stopping them at this junction point. They were taken off the train and held for examination. The couple told the officers they were coming here to visit friends. The friends turned out to be only "imaginary." As a result the pupils of Dan Cupid were placed on the next train for Canada and were sent back to their native town to give their plans an overhauling.

## Fred Higgins Badly Hurt When Struck by Auto

Fred Higgins of 92 Railroad street was badly hurt Saturday afternoon when he was struck by a Ford car on the St. Johnsbury Center road. The Ford car, No. 2,699 was coming around the curve by the old brick yard on the Center road and collided with Higgins who was on his bicycle. The car was owned by D. E. McNamara of East Barnet, who was driving the car. Higgins was badly hurt in the face and neck and one leg was injured. He was taken to the St. Johnsbury Hospital where Doctors Wash and Genge attended to his wounds and his condition is considered critical.

Mr. McNamara reported the case at once to the police station.

## TENNESSEE GOVERNOR FAVORS SUFFRAGE

WASHINGTON, June 26—Gov. Roberts of Tennessee in a telegram today to President Wilson said he heartily favored ratification of the suffrage amendment and would include this subject in a call for a special session of the legislature.

## MAINE OBSERVES 100TH ANNIVERSARY

PORTLAND, Me., June 26—Maine today began a ten day celebration of its 100th birthday. It was on March 15, 1820 that the province of Maine was set off from Massachusetts and officially became a separate state of the union.

## TEXAS DELEGATION IS SOLID FOR MCADOO

SALT LAKE CITY, June 26—At caucus here yesterday, the Texas delegation to the San Francisco convention put itself on record for McAdoo, and pledged every one of the 9 delegates to his support.

## SUMMER TRAIN SERVICE BEGINS MONDAY, JUNE 28

### New Through Day Train and More Parlor and Sleeper Car Service

The New England railroads start on their summer schedule of running their passenger trains next Monday and the principal change on the Connecticut—Passumpsic division of the Boston & Maine is the new through service both ways from Sherbrooke to New York. Going south this train leaves Newport at 9:20 a. m. and St. Johnsbury at 10:45 a. m., reaching Boston at 6:10 and New York at 9:07 that evening. Returning this train reaches St. Johnsbury at 6:15 in the evening, Newport at 7:38 and Sherbrooke at 9:20. This train used to carry a parlor car, but this year the parlor car will be taken on the mail train going south and attached to the new train that goes north every evening. This will be a through parlor car service between Sherbrooke and New York and much appreciated by the traveling public.

Trains arrive in St. Johnsbury northbound at 2:05, 2:38, 9:38 a. m., and 2:50, 3:26 and 6:15 p. m.

Southbound the trains leave St. Johnsbury at 12:23, 7:30 and 10:45 a. m., and 2:40, 5:24 and 11:41 p. m.

Going west on the St. Johnsbury & Lake Champlain the trains leave at 5:00 a. m. and 3:33 p. m. The trains

## DELEGATIONS ARRIVE AT DEM. CONVENTION

SAN FRANCISCO, June 26—Completion of the temporary roll of the Democratic National convention was in sight today when the national committee resumed consideration of credentials with the Georgia contest before it and Senator Reed's effort to gain a seat on the floor with the Missouri delegation also to be passed upon. Other business occupied the first session of the committee yesterday preventing prompt disposition of these troublesome questions. The committee expressed confidence that the Georgia case would be put through probably without a vote of seating the delegation lined up for Attorney General Palmer for President. They were not quite sure of the result of Senator Reed. Previously it looked as if Senator Reed would be denied a seat having been refused a seat as delegate-at-large by the state convention.

The influx of delegations which began yesterday continued and added hourly to the physical and conversational congestion in hotel lobbies. Out of the din arose what some observers professed to recognize as a spirit of nomination sentiment toward Gov. Cox of Ohio.

The illicit McAdoo boom also put in a new and a public appearance in spite of McAdoo's personal efforts to chloroform it some days ago. The movement for nomination for the former Secretary of Treasury took the shape of cards put into the hands of delegates. As there is no McAdoo headquarters or agency authorized to stimulate sentiment for him, the source of the new manifestations was not clear. Action of the national committee yesterday in adopting a resolution urging the convention to grant equal suffrage to women of the party gave the delegates another subject to discuss.

## FOCH SAYS ALLIES ARE MASTERS IN NEAR EAST

PARIS, June 26—"Allied nations are masters of the situation in the Near East, as elsewhere, and if in complete harmony, can employ all the forces at their disposal to carry out their policies which are soberly promulgated in their interests," said Marshall Foch in an interview today. "The Allied position in the Near East," the Marshall said, "is that of a liability company, limited, in which no shareholder may say it was his capital which made the company operations successful. The Greek Army is one of our assets and we are using it in the corporate interest."

Discussing German disarmament, he asserts this matter was not the destruction of 1500 cannon but the overcoming of the hostile and militarist spirit of the German people. "If such a spirit," he continued, "should again be transplanted into action the arm it would use would be the most terrible and swiftest on earth—the airplane. When we leave the Rhine, Germany is within snatching distance of Ostend from which she could lay London waste in one night between night and dawn. Until that spirit died out it is our duty to see that our precautions are never abandoned."

## ST. JOHNSBURY BOYS ENJOY LIFE IN CAMP

### Scouts at Lake Morey Having a Big Time for Two Weeks

The St. Johnsbury Boy Scouts at Camp Billings, Fairlee Lake, are having the time of their lives. Scoutmaster L. H. Baxter in a special report to the Caledonian-Record has sent along a copy of the first edition of the camp paper which will give the parents and friends of the boys some idea of the fine time they are having.

Mr. Baxter says that while every minute is put to use, yet one hour each day is set aside for absolute relaxation. Tuesday was a very interesting day for the boys made a trip to the Chubb Rod Co. at Post Mills where fishing rods from 25 cents to \$80 are manufactured. Tackle can be bought here at cost and many boys took advantage of the opportunity.

Initiation took place Wednesday evening and each boy passed through the ordeal successfully. Dr. Richards left camp Thursday and Robert Martin and Clarence Blood were called home.

The boys are having a wonderful opportunity in the water as Mr. Taylor, a Dartmouth instructor and expert swimmer, is caring for the boys. The boys are divided into groups for camp duty changing each day. The groups are for looking after the boats, cleaning up the grounds, carrying in wood, sweeping, table committee, dish washing and ice inspectors. There is no place for a slacker, Mr. Baxter says, and the boys are certainly showing a fine spirit. The food, equipment, management, etc., is of the best and every camper is looking for a chance to return next year. The daily camp routine is as follows:

6:45, Reveille; 7:00, Flag Raising; 7:05, Setting-up Exercises; 7:15, Wash-up; 7:30, Breakfast; 8:00, Chapel; 8:15, Camp Duties (blankets at when weather permits); 9:30-9:45, Scout Tests and other Scout work and instruction; 11:00-11:20, Swimming; 11:50, Inspection; 12:00, Dinner; 12:45, Camp Duties; 1:30-2:30, Quiet Hour or "Siesta"; 2:30-3:30, Recreation, Sports, Hikes, Etc.; 5:00-5:15, Swimming; 5:15, Prepare tents for evening inspection; 5:40, Flag Lowering; 5:45, Supper; 6:15-7:00, Camp Duties; 7:00-8:45, Scout Councils, Stunts, Games, Campfire, etc.; 9:00, Retire to Tents; 9:30, Taps, Lights Out.

The first edition of the Camp paper edited by Tent 1 is as follows:

## ACTIVITIES

Some stunt that first night camp fire! We think we have the making of several "white hopes" among our amateur boxers. We think we have a good bunch of singers in camp if they would only bunch up for a little close harmony.

Parents of seven of the boys were visitors in camp Sunday. The father of one of the boys will stay in camp over night Monday. On the trip down Mr. Burrows was stranded two miles from anywhere on account of no gas. Mr. Baxter's car tried to "shimmy" in the ditch about two miles from camp, but thought better of it.

A visit to the Chubb Rod company is planned for Monday which should prove an interesting and profitable one. All scouts attended church Sunday morning at Post Mills. A very fine concert was held at the lodge

## Turkish Army Brigade Wiped Out By British Navy Fire At Ismid In Asia Minor

LONDON, June 26—British warships at anchor before the town of Ismid, Asia Minor, have bombarded the Turkish lines surrounding that place and have inflicted terrible losses. It is estimated 1,000 Turks have been killed, according to an Exchange Telegraph dispatch from Athens. Reports from Ismid, the mesare states, indicate that violent fighting continues there. Three shells from artillery fired by Turkish nationalists have fallen in the town and have caused damage.

SMYRNA, Asia Minor—Greek forces engaged in the offensive against the Turkish nationalists in Asia Minor are advancing in four directions and have taken a number of towns, according to an official communiqué from Greek army headquarters under Thursday's date. Confirmation of the annihilation of the 14th Brigade of the Turkish Nationalist Army in Ismid, has been received.

## HARVARD WINS VARSITY RACE BY SIX LENGTHS

NEW LONDON, Conn., June 26—Leading from the initial dip of their oars, Harvard's varsity crew defeated Yale in a spectacular four-mile race yesterday by nearly six lengths, thus completely wiping out the stigma of the double victory of their Eli rivals in the two preliminary races held early in the day.

Rowing in magnificent form from the very start of the long upstream battle, the oarsmen coached by Bill Haines early demonstrated their superiority, both in blade work and stamina and swept across the finish flags 22 minutes and 11 seconds after receiving the starting signal; while their ancient Yale rivals trailed in 26 seconds later in a state of physical exhaustion which was little short of pitiful.

C. C. Peters of Seattle, the Yale stroke and captain, completely collapsed in the last eighth mile and thrice dropped his oar, which was caught and restored to him by Coxswain Carson.

The Crimson crew's victory is regarded in part, as a vindication of the American rowing system as opposed by the English methods adopted by Yale.
